MEMORANDUM FOR: Assistant for Information, DDA 
FROM : 
 Chief, Records Administration Branch
SUBJECT : Suggested Partial Response to Madame Bella Abzug's
 Letter of 10 June 1976

1. The first paragraph of subject letter requests information as to "the policies of [CIA] concerning records disposal, particularly methods and procedures for transferring files and records to the National Archives." She also asked for "a copy of [our] latest agreement with NARS regarding transfer of papers and a schedule of the content [and date] of the most recent transfer."

2. With regard to our methods and procedures of transferring records to NARS, we follow the FPMR 101-11.411-3 on "direct transfers" which states that such transfers "shall be initiated by Federal Agencies by written request to the GSA."

3. The above procedure in answer to her second question is in fact the latest agreement that CIA has with NARS regarding the transfer of any records to that facility.

4. With regard to CIA's most recent transfer to NARS, attached is a copy of a letter to NARS prepared by  C/AARC, on transferring 167 feet of OSS films including an attachment listing these films. The attached signed courier's receipt by NARS documents their receipt on 6 August 1975 and on 27 January 1976 the Agency received an official accession notice from NARS, a copy of which is also attached.

5. Also attached is a records shelf list of all other recent inter-Agency transfers of CIA records.

6. The other requests in the Chairwoman's letter would probably be more appropriately answered by Office of Security and OGC.

Dear Mr. Murphy:

Attached hereto are three lists which we hope will be helpful in your inventory of the 164 reels of Office of Strategic Services motion picture film that I am transferring to your custody today.

The first itemizes the eleven classified films which have been separated from the whole and placed in a single box.

The second notes three unclassified reels "charged out" that I am to deliver to you within the near future. The third lists all 156 unclassified films, including the three, which we are offering to the National Archives.

Honorable George Bush
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Director Bush:

This Subcommittee has oversight and legislative jurisdiction of records maintenance policies of federal agencies. In this connection, we are writing to inquire into the policies of your department or agency concerning records disposal, particularly methods and procedures for transferring files and records to the National Archives. We would appreciate it if you would supply the subcommittee with a copy of your latest agreement with the National Archives regarding transfer of papers and a schedule of the content of the most recent transfer. Please also supply the date of the most recent transfer.

We also would like to know your policy on the removal of papers by the Secretary, agency head or other Presidential appointees upon expiration of their terms. If your policy allows for the removal of "personal" papers, please set forth the method, if any, whereby, a determination is made between "personal" and official papers.

Also, what restrictions, if any, are imposed on the removal by an agency official of copies of government documents or other information generated by that official? Are distinctions made between removal of such papers by Presidential appointees as opposed to agency civil servants?

In the last ten years, have there been any instances of administrative penalties imposed or prosecutions brought against any agency employee or official, or former employee or official, for the unauthorized taking or destruction of government records? If so, please supply details.

We would appreciate your early reply to this inquiry.

Sincerely,

Bella S. Abzug
